

# GETTING CREATIVE

with Jesus

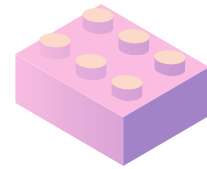

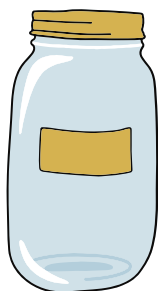

Decorate strips of paper with words or drawings of things you are thankful for and then tape/staple together to create a **THANKFULNESS PRAYER CHAIN**.

Turn an afternoon walk into A **PRAYER WALK** by simply talking to Jesus as you go! Look out for God's creation and say short simple prayers like 'Thank you God for ...'

Write down your prayers, fold up the paper and place into A **PRAYER JAR**. You could empty the pot regularly to see what prayers God has answered. You could also do this with a 'PRAYER JOURNAL' – use a notebook to write your prayers in.

## LEGO PRAYERS

Turn a creative time playing with building blocks to a time of also praying to Jesus. As you pick up different coloured bricks, you could thank God for things as follows:

Red: Your family	Pink: The seasons
Yellow: Your friends	Brown: For food
Green: Your home	Black: The world
Blue: Your school	Grey: Creation

If you want to have a go at **JENGA PRAYERS**, write prayer requests on the blocks. These could be thank you prayers or please prayers.

Then play a game of Jenga, and as you take the blocks off the stack, pray for what is written.
